Amir H. Moayeri

Frontend Developer & MBA Student
Tehran Province, Iran

Summary

Frontend Developer with 5+ years of experience building production web applications with React, TypeScript, React Query, React Router, and Vue 3. Experienced in reusable component design, client-side state management, responsive interfaces, and localization. Currently developing frontend products at Abalon Cloud Solutions. I focus on maintainable UI architecture, reliable user experiences, and translating complex requirements into practical software.
